

CANDIDATE INFORMATION FOR THE 2022 GLENNSTONE ANNUAL HOA MEETING ELECTION TO THE BOARD OF DIRECTORS

There are open positions on the Board this year and luckily, we have two excellent candidates. However, is not too late to submit your name as a candidate if you would like to serve. Simply contact Trac@tracmanagement.com by Friday, September 16 at noon to be included on the ballot.

RESHOCKIE FURNACE, 4328 Chimney Stone Road
(2 years lived or owned property in Glennstone)

I am originally from Detroit, MI but relocated to NC in 2011. Our family moved to Glennstone in August 2020. My family includes my husband, Kian and our young adult son, Justus. We had a small dog (Tipton), but sadly, we laid him to rest a few months ago. I am a Clinical Trials Project Coordinator/Manager for Labcorp, and I currently serve on the City of Durham's Citizens Advisory Committee Board.

Over the past couple of years, I've observed some needs of the community relative to maintaining and increasing our home investment. I'd like to offer my personal and professional experience towards addressing those needs. More specifically, succinctly gathering and sharing ideas and clearly defining plans of action. For example, I exhibited initiative by taking notes at the most recent Board meeting. I forwarded those notes to Trac Management, and they were sent out to the community! I've also assisted with strategic planning as a former Board member of Girls on the Run (GOTR) of the Triangle, and as current chapter Secretary of my alma mater's local alumni association.

KELSEY SHAFFER, 4126 Lady Slipper Lane
(1+ years lived or owned property in Glennstone)

I moved into this neighborhood a little over a year ago but was born and raised in Chapel Hill. You've likely seen me walking around with my 2-year-old, Jamie. I have 10 years of experience in the construction field including building projects from the ground up and estimating. I've worked on single family homes as well as large scale commercial projects in New York City and Atlanta. When I'm not running around with a toddler, I am fixing up backyard and trying to keep our roses red.

Even though I've only lived here a short time I've grown to enjoy this neighborhood very much. I love how strong our community is even during a pandemic. Small things like taking my child trick or treating or pointing out the beautiful decorations at Christmas make this area so special to me. I'm currently a stay-at-home mom looking to invest my time our community that has provided such a warm environment for my family. I want to be on the board so that I can help with the upkeep of the neighborhood and make sure all members of our community feel supported.
